

# Meet the DONUT CHALLENGE

Empower users to create reports faster than it takes to eat a donut!

DataSelf BI is an affordable business intelligence solution that simplifies and amplifies Microsoft BI. It lets users build reports from scratch or leverage 2000+ canned reports — almost always without IT help — then slice and dice as needed.

## Self-service BI

On average, users can tackle 70% to 100% of their own reporting needs without IT help.

## What Customers Say

*"Being an old dog, I know software that meets one's expectations is rare. DataSelf BI has far exceeded mine. We bought it for its world-class sales reporting, and now I'm saving up to \$500,000 annually because I also use it to manage my inventory and purchasing more effectively."*

John Barrett, COO at Wiley X, Inc.

*"DataSelf BI has helped us save around \$250,000 in discounts on over-stocked inventory. That alone has made the small investment in this enterprise-class software a miracle."*

Kevin Cunningham, IT Director at Scorpion Sports, Inc.

*"Forget about eating a donut. I didn't even have time to take a bite of the donut before I finished my first report."*

Robert C., Controller at Food Should Taste Good, Inc.
